Our Rhino Create Cutting Mat is a great solution suitable for small to medium applications and fabricating environments where a medium duty cutting mat or workbench protection mat is needed

- 3.0mm Thick Semi-Opaque White Medium Duty Cutting Mat
- Good Self-Healing properties and Silicone Free. Ensures straighter cutting and Knife blades last longer
- · Solvent proof and lightly textured anti-glare surface
- A great investment for your workplace protects your work surface, and with great hygienic 'easy clean' and waterproof properties, means you can keep your bench looking fantastic.

### **Product Applications**

- ☑ General workbench and work surface protection
- ✓ Print and graphics trimming
- ✓ Multi-purpose cutting
- ✓ Medium duty applications

### **Product Advantages**

Up to 75% Increase in life expectancy over previous surface solutions

Up to 65% Increase in speed and precision of cutting and trimming

Up to **68%** improvement in preserving existing work surfaces, protecting products you're working on, and avoiding cross-contamination

Up to 50% Reduction in replacement tool costs by extending tool and blade life

Up to **50%** improvement for ease of spill clean up, reducing liquid absorption, and keeping workspaces clean

Precision. Protect. Prevent.

#### Product Maintenance and After-Care

- Use a light touch when using a knife on your cutting mat especially when using a heavy duty knife or cutter.
- Clean with a light soapy water solution
- Your mat is likely to be delivered rolled up, so please unroll as soon as possible and lay shiny side down. it may take 24-48 hours to lay completely flat due to the nature of the material.
- Once the Matt side is totally worn, the reverse can be used, although this will not be as effective for cutting as the Matt side

# Material Properties

This material has a low friction coefficient, and good electrical and abrasion resistance. It is a non-hygroscopic material with good electrical properties it also makes it suitable in a variety of electrical insulation applications.

- ☑ Solvent proof and resistant to most chemicals
- ✓ Waterproof
- ☑ Light transmission to 65%
- ✓ Anti-Static
