

XTRATUFF

Product Specification Details

Our Rhino XtraTuff workbench protection board is an excellent cost effective hard wearing and durable workbench board. Fantastic for protecting workbench tops and workstations, it's textured surface allows boxes or items to slide around with ease. Ideal for Fulfilment, 3PL or packaging areas.

- 3mm Thick Black Textured finish, Rigid hard Wearing protection board
- Solvent proof and lightly textured anti-glare surface. Superior impact strength.
- Predominately for workbench protection, but also strong enough to stand up to knife cuts, although not self-healing as our other cutting mats
- Ideal to cover poor existing surfaces, and provides a smart, clean work surface

- Available in 2440 x 1220 or 3050 x 1500mm sheets, and can be cut to size
- Can be adhered to your existing worksurface with Double Sided Tape or countersunk screws

Product Applications

- General workbench and work surface protection
- Heavy duty applications
- Multi-purpose cutting
- Low Friction surface, ideal for sliding items and boxes

Product Advantages

Up to **75%** Increase in life expectancy over previous surface solutions

Up to **65%** Increase in speed and precision of cutting and trimming

Up to **68%** improvement in preserving existing work surfaces, protecting products you're working on, and avoiding cross-contamination

Up to **50%** Reduction in replacement tool costs by extending tool and blade life

Up to **50%** improvement for ease of spill clean up, reducing liquid absorption, and keeping workspaces clean

Precision. Protect. Prevent.

Product Maintenance and After-Care

- Use a light touch when using a knife on your cutting mat especially when using a heavy duty knife or cutter.
- Clean with a light soapy water solution

Material Properties

This material has a low friction coefficient, and good electrical and abrasion resistance. It is a non-hygroscopic material with good electrical properties it also makes it suitable in a variety of electrical insulation applications.

- Solvent proof and resistant to most chemicals
- Waterproof
- Heat Resistant

Recycling and REACH Properties
