CUTTING & WORKBENCH PROTECTION MATS

HIGH PERFORMANCE RANGE

ISSUE 14
2026-2027

About **Rhino Innovation**

Rhino Innovation Ltd are wholesalers and retailers of cutting mats and workbench protection mats, workshop cutting tools and metal workbenches. Rhino as a cutting mat brand has been established since 2005 and grown into a leading supplier of workplace innovation products.

We're passionate about providing unique cutting mats and bespoke solutions, be it one off prototypes or national roll-out programs in many sectors including cleanrooms for automotive, aerospace and marine, signage and printing, manufacturing and warehousing, craft and textiles, and schools and education.

Our **Mission**

At the core of our mission is our belief that we can add value by providing innovative, time saving and more effective solutions, coupled with our desire to bring them to market in a sustainable way.

Historically many of our core products are based around PVC, which has meant we've taken time to innovate and promote new materials and schemes to build a sustainable greener future.

HEAVY DUTY CUTTING MAT

Our Rhino heavy-duty cutting mat is a great solution suitable for large applications and fabricating environments where a heavy-duty cutting mat or workbench protection mat is needed.

- 4.5mm thick semi-opaque white heavy-duty cutting mat
- Manufactured to help deal with cross contamination and foreign object debris control
- Solvent-proof and anti-glare surface
- Ensures faster straighter cutting and reduces replacement blade costs
- A great investment for your workplace – protects your work surface and keeps your tables looking clean
- Good self-healing properties and silicone free. Slightly textured one side
- Free of phthalate plasticisers and silicone free. No odour advantage compared to Rubber mat alternative

MEDIUM DUTY CUTTING MAT

Our Rhino Medium Duty mat is a great small to medium mat for light to medium duty cutting, and fabricating environments. Also ideal for a workbench protection mat in many industries including Manufacturing and packing benches.

- 3mm thick semi-opaque white medium duty cutting mat or workbench mat
- Good self-healing properties and silicone free. Slightly textured one side
- Ensures straighter cutting and knife blades last longer
- Solvent-proof and anti-glare surface
- A great investment for your workplace – protects your work surface and keeps your tables looking clean

SUPASEAL CLEAR CUTTING & WORKBENCH MAT

Our SupaSeal clear cutting mats offer long-term durability and exceptional self-healing properties. They provide a perfect cutting surface and great workbench surface protection. SupaSeal cutting mats are completely clear with a very slight blue tint.

- Exceptional self-healing properties
- 5mm thick & double-sided for twice the life
- Available in multiple widths and up to 20m x 2.2m in one length
- Suitable for all types of applications including flat-bed laminator /roller tables
- Solvent and most chemicals proof and waterproof
- Available in Anti-Static Supaseal AS version in 3 Widths

SUPASEAL AG CUTTING & WORKBENCH MAT

Our SupaSeal Clear Anti-Glare Cutting and workbench protection mats offer great durability and exceptional self-healing properties. They provide a perfect cutting surface and workbench protection mat. The Supaseal AG Anti-Glare Matt Frosted finish, Ideal to reduce glare in brightly lit areas. Also the addition of the textured surface helps reduce adhesion when working with self-adhesive films.

- Exceptional self-healing properties
- 5mm thick & double-sided for twice the life
- Available in multiple widths and up to 20m x 1.8 m in one length
- Solvent and most chemicals proof and waterproof
- Silicone free, and Free of phthalate plasticisers
- Matt, frosted anti-glare surfaces
- Ideal Mat to provide a smart clean bench finish to hide any existing worn bench surface

		TM4575SL	A0 Size (841 x 1189mm)

SUPALITE WHITE WORKBENCH MAT

Our SupaLite White workbench mats offer a great option for workbench protection mats or light duty cutting mats. SupaLite cutting mats are Dense White and ideal for Lab, Cleanrooms, Electrical environments where a bright White surface is required

- Exceptional self-healing properties
- 3mm thick & double-sided for twice the life
- Available in 20m x 1.0m in one length
- Solvent and most chemicals proof and waterproof
- Silicone free, and Free of phthalate plasticisers
- Ideal Mat to provide a smart clean bench finish to hide any existing worn bench surface

CODE	SIZE
TM457OSLW	1000mm Wide / Price Per Metre

ULTRASEAL CUTTING MAT

Our Premium Ultraseal Grey cutting mat is extremely durable, and designed and manufactured specifically for hi-tech industries where there is constant cutting. A great investment for your workplace – protects your work surface, and with great hygienic 'easy clean' and waterproof properties, means you can keep your bench looking fantastic.

- Exceptional self-healing and wear properties. An extremely dense and robust cutting surface whilst still allowing the knives to glide.
- Available in 4mm or 6mm Thickness, Ideal for constant cutting in demanding situations such as automotive or aerospace industries.
- Smooth finish great for working with extremely sensitive and high-quality products. Shorehardness of 70A gives a slightly soft but dense cutting surface
- Manufactured to help deal with cross contamination and foreign object debris control, ideal when working with materials such as carbon fibre, composite and performance materials. Able to withstand heat up to 90Degrees meaning it's a great mat for using in conjunction with Heat Guns and soldering equipment.

CODE	
TM4664	800 x 500mm
TM4667	900 x 600mm
TM4669	1000 x 750mm
TM4660	1200 x 1000mm

Other Bespoke Sizes available - Please request a Quote.

XTRATUFF WORKBENCH MAT

Our Rhino Workbench Protection board, is an excellent cost effective hard wearing and durable workbench board. Fantastic for protecting workbench tops and workstations, its textured surface allows boxes or items to slide around with ease. Ideal for Fulfilment, 3PL or packaging areas.

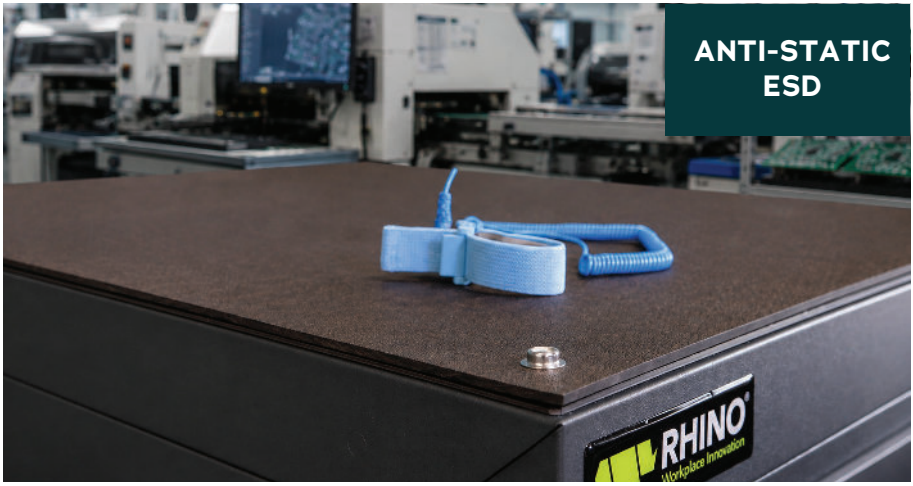

- 3mm Thick Black Textured finish, Rigid hard Wearing protection board
- Solvent proof and lightly textured anti-glare surface. Superior impact strength.
- Predominately for workbench protection, but also strong enough to stand up to knife cuts, although not self-healing as our other cutting mat
- Ideal to cover poor existing surfaces, and provides a smart, clean work surface
- Available in 2440 x 1220 or 3050 x 1525mm sheets, and can be cut to size

CODE	SIZE		
TM4696	900 x 500mm	**TM4700**	2440 x 1220mm (8' x 4')

XTRATUFF ESD WORKBENCH MAT

Our Rhino Xtratuff ESD Workbench Protection board, is an excellent hard wearing and durable workbench board. Fantastic for protecting workbench tops and workstations. Ideal for areas such as manufacture of electrical components where an Anti-Static ESD environment is important.

- 3mm Thick Black Textured finish, Rigid hard Wearing protection board
- Surface Resistivity to BS EN 61340-2-3, Measured Surface Resistance - 9.6 x 102Ω, Calculated Surface Resistivity - 9.6 x 103Ω, Classification as per BS EN 61340-5-1 - Static Dissipative
- Complete with 10mm Press Stud for grounding methods such as wrist straps.
- Solvent proof and lightly textured anti-glare surface. Superior impact strength.
- Predominately for workbench protection, but also strong enough to stand up to knife cuts, although not self-healing as our other cutting mats
- Available in multiple sizes up to 2000 x 1000mm. Can be Cut to Bespoke Size
